Garden News:

We are harvesting lettuce from our garden that the students planted this fall and serving it in our café salad bar. First grade also made green smoothies with the swiss chard from our garden. This is a great way for all of our students to have a farm to table experience and try new things. Observing insects and picking flowers are some of their favorite things to do!

We would love donations of plastic garden trowels, kids gloves and lumber to replace boards on the garden beds. We will also need garden seeds for next spring. We love any volunteer hours you can offer to help make our garden a beautiful and educational place for our students. We appreciate all of your contributions!

A **Big Thank** you to Diamond Hardware and Home Depot for the donation of garden supplies. Also, we would like to thank Amy and David Lund for putting in the volunteer hours and vegetable starts for our fabulous garden. We want to thank Dallas Pearson and the Henkels Family for all the gravel work and The Daley family for our garden soil.
